

Honoring the Tiny Lives That Changed Us Forever.

St. Tammany Health System and the St. Tammany Health Foundation invite you to join us for our inaugural **Walking with Angels – A Walk of Remembrance.**

We will walk to honor families who have experienced an infant or child loss. Knowing that while they were only here for a little while, they will be loved forever.

If you've suffered a miscarriage, a stillbirth or the loss of a baby or child, we invite you to join us.

Walk with others who walk in your shoes.
