St. Tammany Health System is partnering with local healthcare providers for awareness, education, and Lung Cancer screening assessment opportunities at our inaugural St. Tammany UNITED in Pearl 2023 Power of Pearls Lung Cancer Walk. Lung Cancer survivors, family members and friends are invited to walk a mile in honor of those that cannot.

No Grit, No Pearl is centered around the white lung cancer awareness ribbon and conveys there is no beauty without hardship. The goal: to bring positive awareness to Lung Cancer, and to increase education about early detection through Lung Cancer Screening assessments.

In this spirit, we want all people traveling their cancer journey to know that you are not alone — your community is here in support.
